

WHERE WE HAVE BEEN THIS YEAR

On stage in 2026.

Every claim here is earned: a signed sponsorship, a confirmed pitch slot, a booth we staffed. Bring the questionnaire that is eating your week to the next one, or ask for the same walkthrough on a call.

STARTUP TRACK · CUSTOMER EXCHANGE

July 18–19, 2026

AGI Summit 2026

Palace of Fine Arts, San Francisco, CA

Two days on the startup track · "The Rise of Agentic Intelligence"

Two days with the teams building and buying agentic AI, on the startup track of AGI Summit at the Palace of Fine Arts. The room that made "do you maintain an AI inventory?" the first question on every serious questionnaire.

- Customer-exchange sessions with founders shipping agents and the buyers vetting them.
- The AI-inventory and autonomy-policy questions we now put to every vendor on the KollGuard register.

EXHIBITOR · MAIN-STAGE PITCH

July 30 – August 1, 2026

AI Summit at Stanford

Stanford University, CA · Huang Engineering Center · SAPP Center · NVIDIA Auditorium

Main-stage pitch · Fri, July 31

Three days in front of investors, founders, and operators in AI, hosted by Evion / Startup Universe. KollGuard exhibited across all three days and pitched from the main stage on Friday.

- Live repo scan on stage: a real codebase graded and mapped to SOC 2 and HIPAA controls in seconds.
- Why AI-written code ships faster than any compliance process was designed for, and how KollGuard closes that gap.
- Free first scan, no sales call: the self-serve door every attendee could walk through the same day.

SPOTLIGHT STARTUP · PITCH COMPETITION

August 26–27, 2026

Step San Francisco 2026

AWS Builder Loft + The Midway, San Francisco, CA

Pitch Competition · Wed, Aug 26 · Spotlight kiosk on The Midway · Thu, Aug 27

KollGuard was selected to pitch in the Step SF Pitch Competition and took a Spotlight Startup kiosk on The Midway showcase floor, with a full day of investor matchmaking.

- A 3-minute pitch to a founder-and-investor jury: continuous SOC 2 / HIPAA evidence for teams that ship with AI in the loop.
- Kiosk demos of the free security scan, security-questionnaire automation, and AI-agent governance.
- Investor meetings across the day, and a sign-up draw that put KollGuard in the hands of attendees on the spot.

PLATINUM SPONSOR · SPEAKER SESSION

September 17–18, 2026

ISACA Sacramento Flagship Conference 2026

Wyndham Sacramento, CA · 5321 Date Ave, Sacramento, CA 95841

Platinum sponsor · speaker session · sponsor table both days

The region's premier forum for cybersecurity, AI governance, audit, risk, and digital trust, with practitioners from health systems, public agencies, and Fortune 1000 teams. KollGuard is the Platinum sponsor.

- Continuous compliance for the AI era: vendor risk, BAAs, and audit evidence without the annual scramble.
- Both sides of the vendor security questionnaire: enterprise teams issuing and assessing them, and vendors answering from live posture.
- BAA / DPA / MSA / NDA tracking with renewal reminders, plus AI-agent governance controls auditors can verify.
