

KollGuard

PLATINUM SPONSOR
ISACA SACRAMENTO FLAGSHIP 2026

Compliance that keeps up **with the code you ship.**

Continuous SOC 2 + HIPAA for teams building software and AI. Scan repos, cloud, databases, and AI agents. Fix findings as pull requests. Keep tamper-evident evidence ready for your auditor.

Enterprise IT & GRC

Assess every vendor against one standard: scanned posture score, agreements on file, and an onboarding gate they must clear.

Vendors & startups

Answer any security questionnaire from your live posture in a day, then share a live link instead of re-answering.
